EPISODE 251 — ***The Fusion Warrior, Gotenks!!***

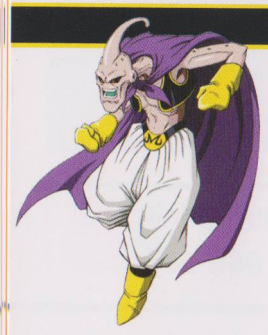

Fusion proves to be quite difficult, and when the two performers' poses are off by just the slightest bit, it results in both a fat and a skin-and-bones version of Gotenks. Even worse, one must wait for 30 minutes before the Fusion comes undone again, making it hard to manage. Still, thanks to Piccolo's rigorous training, the two are eventually able to transform to become a perfect Gotenks. As for his personality, Gotenks seems to be even more stuck-up than Trunks, and even more childish than Goten. The warrior born of the two of them has not just their strength magnified, but their personalities as well. Such is the warrior, Gotenks.

Majin Boo takes on a form like a young child. Upon seeing him, Kaioshin recalls the battle long ago against the Madoshi Bibidi. This form was that of the evil and merciless Majin Boo that even Bibidi could not keep under control. Then, as though to demonstrate his violent nature, Boo destroys the Earth without any warning! Will Goku and the others be caught up in the blast?!

Close-Up!!

EPISODE 277 — *The Battle of Bibidi and Boo vs. the Kaioshins!*

Long, long ago, the Kaioshins fought a battle against Majin Boo. According to the Kaioshin of the East, who survived the fight, two of the other Kaioshins were killed by (pure) Boo, while the Kaioshin of the South was absorbed into him. A macho version of Boo appeared momentarily as a result of the assimilation. Eventually, by absorbing the Grand Kaioshin, he transformed to become (good) Boo. Afterward, Bibidi used cake to manipulate Boo, who was now as tubby as the Grand Kaioshin, into doing his bidding.

In order to overcome the powerful foes that appear, one after the next, Goku has undergone unimaginable training, and obtained many new powers. Presenting the miraculous unbounded growth that occurs starting with the Saiyan saga and runs throughout the story.

Boo Saga

The Ultimate Power, Shown Off While Battling Boo!!

Through Uranai Baba's efforts, Goku is allowed to return to the living world for one day, when Majin Boo, the most evil of enemies, appears. As a result of his training in the Other World, he demonstrates the power of Super Saiyan 3, one that rises beyond even the power that transcended that of Super Saiyan. Also, during the final showdown with Boo, he and Vegeta merge using the Potara earrings he received from the Kaioshin. Upon becoming Vegetto, they exhibit the ultimate power!!

Acquiring Fusion

A technique Goku was taught in the Next World by the Metamorians that he met. It requires some fancy posing.

The Training Continues in the Next World!!

Anoyoichi Tournament Saga

After losing his life again during the battle with Cell, Goku seeks even greater training under Kaio. His training proved worthwhile, and he makes it to the final round of the Anoyoichi Tournament. Even in the afterlife, he showed off his indomitable abilities against the fighting masters of various other galaxies.

Even having ten-ton weights on his arms and legs poses no trouble for him as a Super Saiyan!

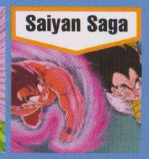

Acquiring the Kaio-ken

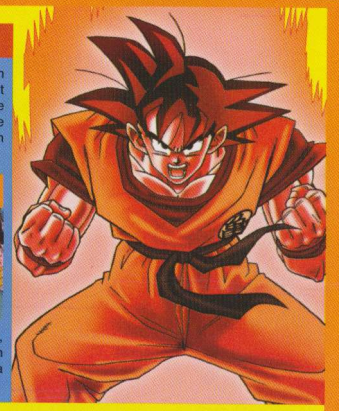

Goku, having died during his battle with Raditz, continues his training in the Next World. After running down the 1,000,000-kilometer Serpentine Road, he went through even more harsh training on Kaio's World.

Saiyan Saga

After enduring training with Kaio's pet, Bubbles, he learned to perform the Kaio-ken technique. With it, he overpowers Nappa and Vegeta.

A Golden Warrior, Cloaked in Fury, is Born!

Freeza Saga

Aboard his spaceship on the way to Planet Namek, during his week of frenzied training, Goku finally conquers a 100-G environment.

When Kuririn is killed amidst the battle on Planet Namek, Goku's anger transforms him to become a legendary Super Saiyan. This realm of power, where even gods fear to tread, easily surpassed Freeza's full power. Having obtained Super Saiyan power, and defeating Freeza, Goku demonstrated that he was the mightiest in all the universe.

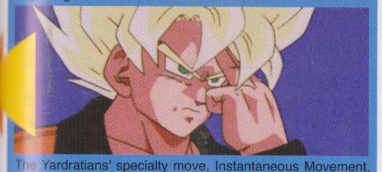

Super Saiyan

A New Power, Gained During Father-Son Special Training!

In order to put a stop to the schemes of Cell, a new, powerful enemy that traveled through time, Goku undergoes training with Gohan in the Room of Spirit and Time for one year (a single day in the outside world). As a result, he becomes capable of maintaining his Super Saiyan state at all times, and becomes able to surpass the previous limit to his power, even as a Super Saiyan

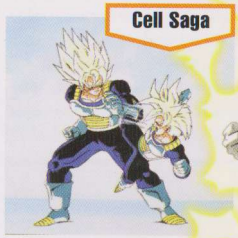

Acquiring Instantaneous Movement

In the time between the end of the Freeza battle and his return to Earth, Goku wandered through outer space. He learned the special techniques he found on each world, beginning with Instantaneous Movement.

The Yardratians' specialty move, Instantaneous Movement. If you can sense a Ki at a certain location, you can instantly relocate yourself there.

Cell Saga

Gohan not only became able to turn Super Saiyan during this training, he also realizes power beyond even that.

Design Works Collection

Presenting the designs from episode 251through episode 291. This section is jam-packed with fascinating designs of Goku and the main players as they appear ten years after the battle with Boo.

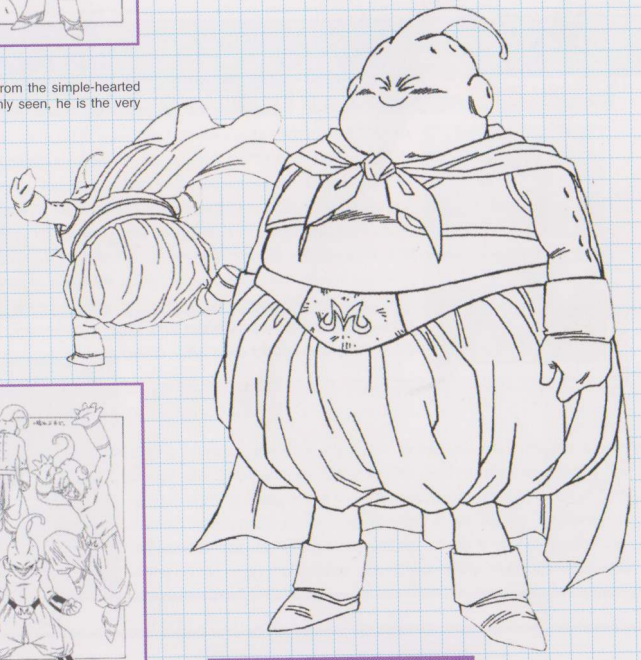

Character 11

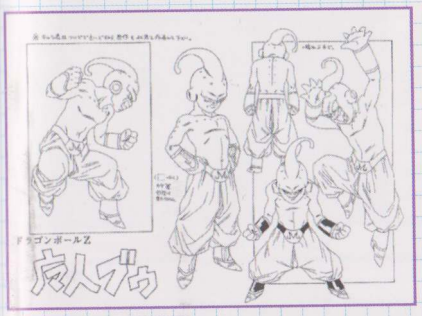

Boo Saga

Majin Boo (Evil)

This is the evil version of Boo that split off from the simple-hearted one and then absorbed him. As can be plainly seen, he is the very picture of evil.

Majin Boo (Pure)

This is Boo as he was created by Bibidi, possessing a wicked heart and lacking any reasoning. His design deftly portrays this compulsive, perpetually destructive version of Boo.

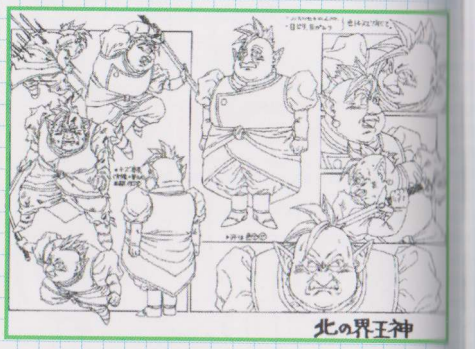

Majin Boo

This is Majin Boo as he first appeared. Though he may be the enemy, he still has a striking, winsome look that makes him impossible to hate.

Super Vegetto

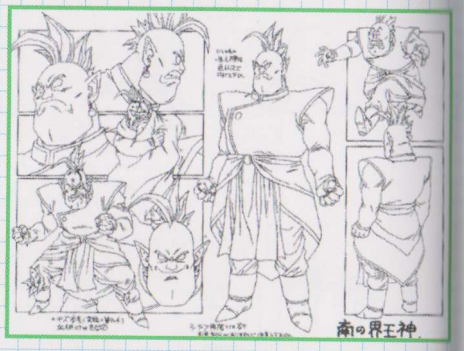

The mightiest of the merged warriors, possessing even greater power than Vegetto. His bellicose personality comes through in these designs.

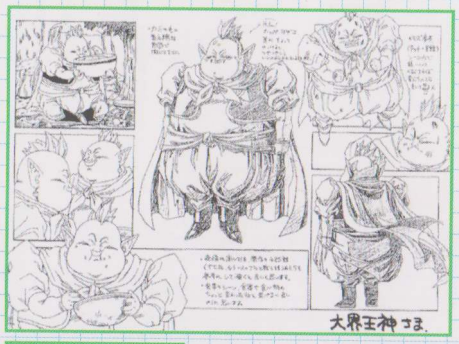

Super Gotenks

A warrior created when Goten and Trunks undergo Fusion with in their Super Saiyan state. From his design, his air of naughtiness comes through in spades.

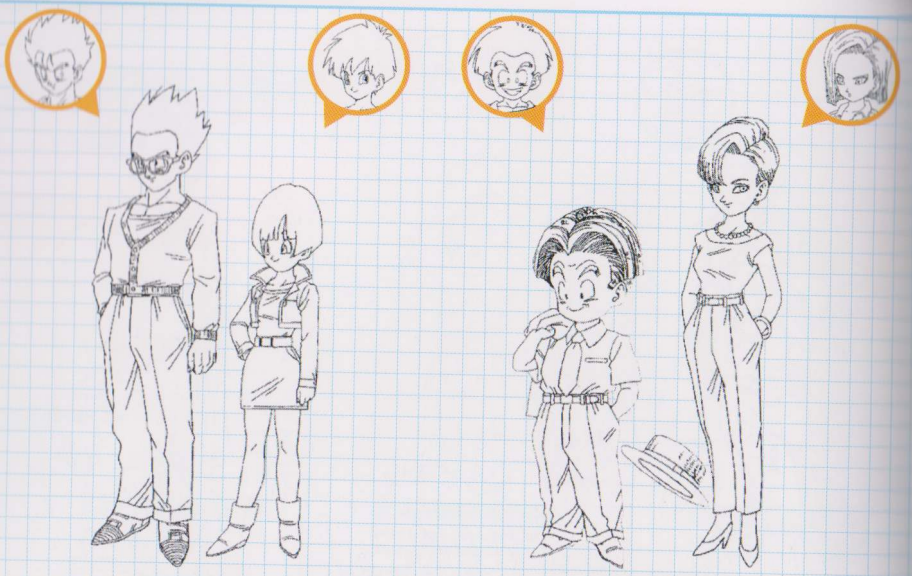

The Grand Kaioshin

The man who stands above even the Kaioshin. The reason he looks like the chubby Boo that we first see is because long ago, Boo absorbed the Grand Kaioshin.

The Kaioshin of Old

From the bottom, the Kaioshin of the West, the Kaioshin of the South, and the Kaioshin of the North. Drawn here are full-body and upper-body shots, as well as designs from their breathtaking battle scenes with Boo. The minute detail exhibits a level of perfection that goes beyond mere design sketches. Shin was the Kaioshin of the East.

Son Gohan & Videl

Gohan looking every bit like a scholar, complete with eyeglasses. Even as a mother, Videl continues to have an air of youthfulness about her.

Kuririn & No. 18

Having retired from the ways of the martial arts, Kuririn sports streaks of graying hair. At the same time, No. 18 changes her image somewhat with a shorter hairstyle.

Pan

Gohan and Videl's daughter. She has her mother's eyes.

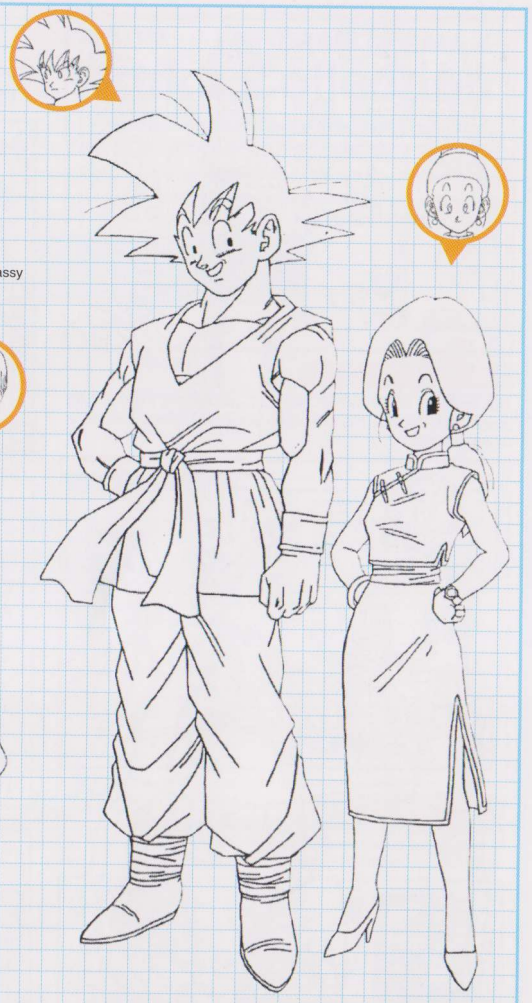

Marron

She is already taller than Kuririn here.

Vegeta & Bulma

Vegeta is still the same obstinate, hard-bitten man as ever. A classy Bulma still retains a shadow of her looks from her younger days.

Son Goku & Chichi

Owing to his Saiyan characteristics, Goku's appearance remains unchanged. Chichi, on the other hand, is unable to hide her age, and shows wrinkles around the corners of her mouth.

Announcer

Much older now, but still in high spirits.

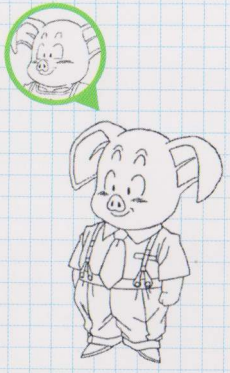

Oob

More-or-less possessing slight traces of Boo's appearance.

Satan

His hair may be thinning, but he is still the reigning champ.

Oolong

No change in his appearance. Has he changed at all on the inside...?

Gyumao

No change in his body frame, yet possessing a royal dignity.

Turtle Hermit

His sunglasses are different, but he is still as pervy as ever.

Bra

She has the same eyes as Bulma when she was a young girl.

Son Goten

In addition to growing up, is he starting to look like Gohan?

Trunks

Looks like a different person from the one who came from the future.
